Residents Questionnaire

1) Introduction

The Neighbourhood Plan process will provide residents, businesses, service providers and local organisations with a unique opportunity to help guide development within the designated area, plan the future delivery of local services and facilities, and ensure that Queniborough remains a vibrant and sustainable place to live, work, and do business.

To support the successful development of the Queniborough Neighbourhood Plan, the Rural Community Council (Leicestershire & Rutland) supported Queniborough Neighbourhood Plan Steering Group to undertake a consultation with young people in the designated area.

2) Questionnaire Methodology

A questionnaire was developed by the Neighbourhood Plan Steering Group in conjunction with the Rural Community Council (Leicestershire & Rutland). The final version of the questionnaire (see Appendix 1) and the basis of this report, was available for young people aged 11-18 to complete online. The questionnaire was available during March 2019 for period of three weeks.

The completed questionnaire was then analysed by the Rural Community Council (Leicestershire & Rutland)

3) Summary

LIVING IN QUENIBOROUGH

All the respondents indicated that they had lived in Queniborough for more than 6 years, with the majority indicating over 10 years.

Nice parks, being near to sports facilities and the countryside and having a friendly village community were the top three reasons as to what they most liked about living in Queniborough.

In relation to what they least liked about living in Queniborough, the following top three reasons were given as volume of traffic and speeding, the amount of new housing being built and the Lack of youth facilities.

With regard to suggested improvements, better sports and parks facilities, reducing and the speed and volume of traffic, particularly around the crossroads and less housing were identified.

TRAFFIC & TRANSPORT

The majority of the respondents indicated that they do not use public transport, with being '*driven by car*' being the main reason. Suggestions for what would make it easier to use public transport included having a bus service to Loughborough and for it to be less expensive. Those using public transport indicated that they travel to Leicester, to college or to Syston.

FACILITIES & SERVICES

Half of the respondents felt that there are enough facilities for young people in Queniborough while the other half felt there wasn't, with a youth club being amongst the most popular choice for an extra facility followed by better park areas and sports facilities.

In relation to what activities they would participate in which are not currently available in Queniborough, a range of sports activities and a youth club were highlighted.

HOUSING

The majority of respondents indicated that they would not like to remain living in the village when they are older, highlighting the desire for a quieter and less busy place and the need to try new areas. Those wanting to remain highlighted friends, families and nice Village as reasons to stay. In relation to what housing is most needed if new houses are built in Queniborough, houses suitable for families, older people and housing for young people wanting to leave home were the top three choices. In terms of design, the majority of the respondents suggested '*Off street parking*' followed by '*Energy efficiency*' and '*Housing in keeping with buildings already in the parish*' and '*Housing designed to support wildlife*'

GREEN SPACES AND HERITAGE

The majority of respondents selected '*Open spaces*' to be most important to them, followed closely by '*Surrounding fields*' and '*Countryside*'.

Respondents identified walking/rambling, mountain biking, running and dog walking as the most popular way to use the countryside in Queniborough, with most respondents using public footpaths and/or bridleways on a weekly basis.

The majority of respondents identified that they would not like to see new footpaths or cycleways created in Queniborough. Those that did, suggested cycle paths on cross country routes and to Barkby or East Goscote.

In relation to whether there are any other special buildings or areas in Queniborough that are important, the Dovecote and the Old School/ (swimming pool) were highlighted.

COMMUNICATION

The majority of respondents indicated that they find out what is going on in and around Queniborough through the Queniborough Gazette, followed by friends and family, with Social media being the least used.

4) Results

RESPONSE TO THE QUESTIONNAIRE

The total number of completed online questionnaires was 14. We were unable to find accurate census data for young people between the specific ages of 11-18 so therefore a response rate has not been calculated.

PRESENTATION OF THE RESULTS

This report includes tables and charts which describe the results of the questionnaire.

The tables show the number and percentage of respondents who selected each option. The percentages are calculated as a proportion of the number of respondents to the questionnaire as a whole.

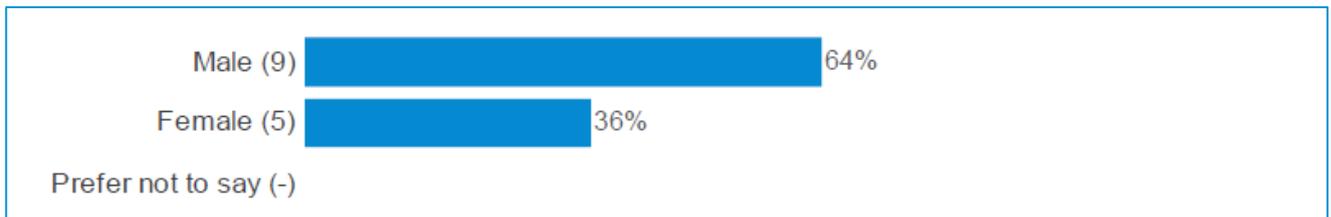

This report summarises the responses to the open text questions. A sample of the comments is also included to illustrate the points being made. A full list of these written comments is available on a separate word document along with all other data in a separate excel spreadsheet.

Q6	What would you like to see/improve in Queniborough?
13 comments	

A total of 13 comments were received by the respondents these are categorised below:

Sports Facilities/ Facilities (6 comments)

- A sports hall for children and elders since we can't afford to grow the scout hall because of the lack of funding we have in the community
- Things for teenagers and youths to do
- On the park I would like a proper basketball court which will be accessible for everyone (no gate or fence)
- Better park facilities /youth clubs
- More things to do in general
- More things for teenagers to get involved in rather than just the younger children

Traffic (5 comments)

- Crossroad traffic
- For better ways to slow down traffic through our village and in the side streets, like Avenue Road, near to where we live, as drivers use them as short cuts to save time on their journeys
- I would also like some sort of way to cut down on the amount of cars and lorries that come through
- Speed cameras, bottle necking traffic, limit traffic
- The traffic conditions (speed, volume and vehicle size) all being reduced as much as possible and the vital green spaces being reserved as much as possible

Housing (3 comments)

- A stop in expansion, new housing estates ruin the atmosphere of living in an area where you know quite a lot of people.
- No more housing - it is busy enough already and doesn't feel like a village anymore as it did when I was younger- larger gap between Queniborough and other towns.
- No more houses/buildings being built on the fields in or around the village

Shops (2 comments)

- More shops
- Traffic Shop

Don't know (1 comment)

- I don't know

Bus Service (1 comment)

- Bus service

School (1 comment)

- Also to see the village school be improved. I attended the school 2008-12 and even then there were too many children in the classes, about 34 in my class. We had to take it in turns to sit at desks whilst the rest sat on the floor because the classrooms were too small and not enough room for desks for all of us

Village Hall (1 comment)

- Better village hall

Suggested improvements from the respondents were: Sports Facilities/ Facilities, Traffic and Housing related comments.

ANYTHING ELSE

A total of 6 comments were written in the anything else box. These have been categorised below:

<p>Pavements/ Footpaths (2 comments)</p> <ul style="list-style-type: none"> I'd like to see the pavements re-surfaced as they are cracking and are uneven, making it terrible to walk on in the winter time as they are covered with a layer of ice It would be great to have a footpath along the Barkby Road to Barkby itself. My family and I would really like to walk along there so we can enjoy the countryside and visit the village. It is too dangerous to try walking along that road without the footpath, but it would be too long a walk if you walked to it through Syston town and back along Barkby Lane to Barkby. Having this footpath would encourage more people to walk, improve their fitness, reduce the amount of cars on the road and parking in Barkby when visiting it and their community functions
<p>Sports/ Activities (2 comments)</p> <ul style="list-style-type: none"> Sports activities You could add a proper basketball court like I said twice before
<p>Traffic (2 comments)</p> <ul style="list-style-type: none"> I also believe traffic levels and speeds need to be lowered by traffic lights and other methods as I was with my mum in a car when we were hit by another car on the Crossroads The loud motorbikes that go up and down the village late at night when I'm trying to sleep, Limit car flow
<p>Renewable Energy (1 comment)</p> <ul style="list-style-type: none"> I also think Queniborough needs to do more to reduce the use of fossil fuels by having renewable energy such as wind turbines and solar farms, but also by having the new (and old) houses be improved with energy saving systems in place, such as wind turbines, solar panels, solar powered water heaters and batteries in order to store the electricity so it isn't wasted when not used
<p>Entertainment (1 comment)</p> <ul style="list-style-type: none"> Festival style things and fairs. More outsourced entertainment
<p>Greenbelt (1 comment)</p> <ul style="list-style-type: none"> I believe the areas between Queniborough and the surrounding villages need to have a greenbelt in order to prevent the loss of vital habitats and the prevent urban sprawl which may cause Queniborough (and the local village feeling) to be lost
<p>Housing (1 comment)</p> <ul style="list-style-type: none"> No more housing estates
<p>Shop/ café (1 comment)</p> <ul style="list-style-type: none"> A small shop e.g. co-op or a café
